MA Technologies, LLC

Capability Statement

Veteran-Owned — SDVOSB — VSBE — SBR Certified

Website: www.matechnologiesllc.com   **CAGE Code:** 9ZAB3   **UEI:** FBQGDGWPRCT5

Company Overview

MA Technologies, LLC is a certified Veteran-Owned and Service-Disabled Veteran-Owned Small Business (VOSB/SDVOSB), as well as a Maryland-certified Small Business Reserve (SBR) and Veteran-Owned Small Business Enterprise (VSBE). We deliver advanced cybersecurity, geospatial, and multi-cloud infrastructure solutions to government clients. Our work supports national security missions by helping agencies reduce risk, enhance operations, and ensure readiness.

Core Competencies

- **Cybersecurity Solutions:** Risk assessments, penetration testing, incident response, NIST 800-171 compliance, DFARS, and secure cloud architecture.
- **Intelligence & Geospatial Services:** ArcGIS Pro, GEOINT, threat pattern analysis, and mission support.
- **Data Analytics:** RStudio, Tableau, Stata; real-time dashboards and predictive modeling.
- **Infrastructure & Cloud Engineering:** Hybrid/multi-cloud deployment, secure file-sharing, and encrypted environments.
- **Training & Development:** Arabic language and cybersecurity curriculum for federal clients.

Differentiators

- Veteran-Owned leadership with firsthand DoD and IC experience.
- Scalable teams and surge capacity for high-demand programs.
- Security-first engineering aligned with federal compliance standards.
- Trusted support for classified and mission-critical systems.
- Agile solutions and rapid mobilization capabilities.

Past Performance

- **Department of State:** Supported multilingual delegations with cleared linguists and technical interpretation logistics; provided remote and in-person services for Arabic, French, and Mandarin speakers.
- **DoD Language Corps:** Provided global translation and interpretation support across military installations; staff included certified linguists with security clearances and regional dialect fluency.
- **Johns Hopkins Hospital:** Delivered medical translation projects involving patient education documents, informed consent forms, and clinical reports in Arabic, Korean, and Spanish.
- **Howard Community College and CCBC:** Anwar Khan, MA Technologies' CIO, served over a decade as adjunct faculty, delivering bilingual instruction in Arabic and English, and teaching digital literacy, financial literacy, and professional development to adult learners.
- **National Reconnaissance Office (NRO):** Geospatial and system engineering.
- **Department of State:** Secure data infrastructure and administration.
- **Defense Intelligence Agencies:** Cable dissemination systems and threat response.
- **DHS/Federal Clients:** Cloud support and language training.
